

Man Tracker Invitational 2018

Rules of the Game

The Wells Gray Riders Association is once again offering our signature event, the game of Man Tracker for its fourth year and has been inspired by the TV Series "Mantracker", but with the clubs own version. How the game is played is quite different than the TV Series, however with aim on the same results.....catching our

Prey or eluding our Tracker. Each game will consist of 4 Trackers and 4 Prey, and they will have a 2 hour time frame to complete their game. Points will be deducted for each minute the team is late. The Prey will be given a short head start to each game to help ensure that the Trackers have to use tracking skills to find their Prey.

Prey:

It is Prey's mission in the game to take their map that is provided and navigate the course to collect the items from their locations marked on the map. These items will be announced to each team prior to their games. In order to complete their mission they need to collect all items and get to the finish line within the 2 hour deadline without being caught and eliminated. One has to be physically touched by a Tracker to be officially caught. Each team of Prey will use strategy and eluding tactics to refrain from being eliminated. Prey are allowed to use props to help hide and complete their game. Such props may include but are not limited to; A Ghillie Suit, Camouflage tarps or sheets, radios (use at own risk of being heard by the Trackers), binoculars, etc. Any hazardous items to the Tracker or Horse are not welcome and will be confiscated if necessary (Bear spray, loud noises, any form of traps, etc.) Each item collected is worth points and the top 2 Prey team with the most points will play in the finals for the title "Top Prey 2018".

Trackers:

It is the mission of the Trackers once leaving from the start line at the Wells Gray Golf Course with their map provided, to track down their Prey. Each game will have 4 Prey to catch and each Prey caught is worth points. The top 2 teams with the highest points will play in the finals for the ultimate win as "Top Tracker 2018". Trackers must physically touch each Prey with either themselves or their horses in order to eliminate their Prey from the game. All items that the caught Prey has with them will also be eliminated from the game. Trackers can use aids to help better track their Prey, such as but not limited to; Binoculars, horses ears and signals, ambushes, etc.

Most importantly..... HAVE FUN and PLAY SAFE!
